Garbage and Recycling Pickups Garbage curbside pickup dates- March 13 and March 27; Recycling curbside residential pickup dates- March 6 and March 20; Please place your bin at the curb the night before.

Smoke Alarm Reminder If your smoke alarm could talk, it would say: "Test me, please." A quick monthly check ensures the alarm is loud, the batteries are strong, and your home is protected. Take a moment to test today — future you will be glad you did.

Thank You The Town would like to thank Hart Electric, Greg Foley, for donating his time and the use of a genie lift to hang the Christmas Decorations this past season. The decorations look great, and it was much appreciated!

Furnace Checks Cold weather can strain your furnace. A few simple checks can prevent fires and keep your home safe. These include Inspecting your furnace yearly with a qualified professional, change or clean your furnace filters every 1 to 3 months to reduce buildup, keep the area around your furnace clear of clutter and flammable items, and pay attention to unusual smells or sounds and report them right away. Taking a few minutes now can prevent serious emergencies later.

2025 Annual Notice to Consumers The 2025 Report is now complete. To view the report, please visit the Town website, Town Office, or social media.

Saturday March 21, 2026

The date for WDSO being the 21st day of the 3rd month, was selected to signify the uniqueness of the triplication (trisomy) of the 21st chromosome which causes Down syndrome.

The idea is to wear lots of socks – crazy, mismatched or brightly coloured ones that are bound to catch people's attention, leading to a conversation about the disease. Also socks may be different in pattern or color but can still be worn quite happily together if we *change our attitudes* about *having* to wear matched socks. Wearing mismatched socks reminds us to celebrate the things that make us each unique.

In case you are wondering, "Why socks?" chromosomes, a thread-like structure inside living cells that carry genetic information, are shaped like socks and people with Down syndrome have an extra set of chromosomes. The rationale behind wearing three socks is to focus attention on 'Trisomy 21' or three chromosomes seen in Down syndrome patients in place of the matched pair of chromosomes.

ROCK YOUR SOCKS

IT'S WORLD DOWN SYNDROME DAY!

In the Spring of 2025 the Coronach Rec Board sent out promissory notes to the 12 community groups that applied to the Saskatchewan Lotteries Grant. The grant period is from April 1, 2025 to March 31, 2026. Just a reminder that all receipts turned in must be dated before April 15, 2026. To receive your allocated money you must turn in a follow up report and your receipts by April 15, 2026. To date, only 5 out of the 12 groups have completed all these steps. There is still time, I'm just reminding everyone! In the next few months applications will be available for the 2026/27 season so keep your eyes peeled! If you have questions don't hesitate to contact Heather at 267-7247 or coronachrecboard@sasktel.net.

Coronach Minor Ball

Registration is now open. Please use the links on the Coronach Minor Ball Facebook Page. If you don't have Facebook please reach out to a board member. After March 15 there will be a \$50 late fee added to the registration fee. Remember a complete registration is RAMP and payment. There is no guarantee that we can accept additional players after March 15, 2026
